Re: Davis v. Zoar

Dear Carl:

This is to thank you for your instrumental involvement in this matter. Your expertise in wilderness medicine, training and protocols – and the specific opinions you expressed relative to the conduct in question in this matter – played a decisive role in bringing this case to resolution. You were a pleasure to work with, Carl. Your demeanor, candor and accessibility (I specifically recall speaking with you on an early Saturday morning, from my living room couch, with a cup of coffee in hand) made our work together efficient and easy, ultimately resulting in an expert disclosure that made a real impact on the case.

On my behalf and that of the client, a huge thanks to you, Carl!! If I can ever be of assistance to you, in any matter whatsoever, please do not hesitate to call.

Very truly yours,

Paul K. Baker
